Documentation of Woocommerce Login / Signup Premium

Installation of Woocommerce Login / Signup Premium

1. Installation
2. Activation

Installation

- **Install Word Press from** http://codex.wordpress.org/Installing_WordPress
- **Upload via FTP**: - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content > plugins).
-
- **Upload via Word press Admin**: - Go to your WordPress admin panel, and then

to **Plugins**. Click on "Add New" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
-
For the plugin to work as it should, Woo Commerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in **Plugins > Installed plugins**.

If it has been activated correctly, plugin control panel is available in the tab Signup/Login Pro in Word Press dashboard.
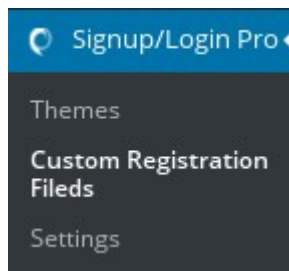

GENERAL OPTIONS

Option to Enable and disable the popup

Popup Enable ☑

Set Popup Style

The plugin gives you two choices of Popup Style. You could either set the Popup Style as Lightbox or as Dropdown. Width of Lightbox or Dropdown can be adjusted.

Popup style: ○ Lightbox ● Dropdown

Lightbox width: 900 px

Dropdown width: 400 px

Add Auto Load Popup

You could let the popup load automatically on home page and checkout page. You could set the desired number of seconds after which you require the popup to appear on the loaded page.

Auto load popup on home page: ✔

Open popup after(home): `1` sec

Auto load popup on Checkout page: ✔

Open popup after(checkout): `1` sec

This feature allows a new or existing user to directly access 'My Account' Page, as soon as he/she Signs Up or Logs Into his/her account on your website.

Logout page can be customize according to choice.
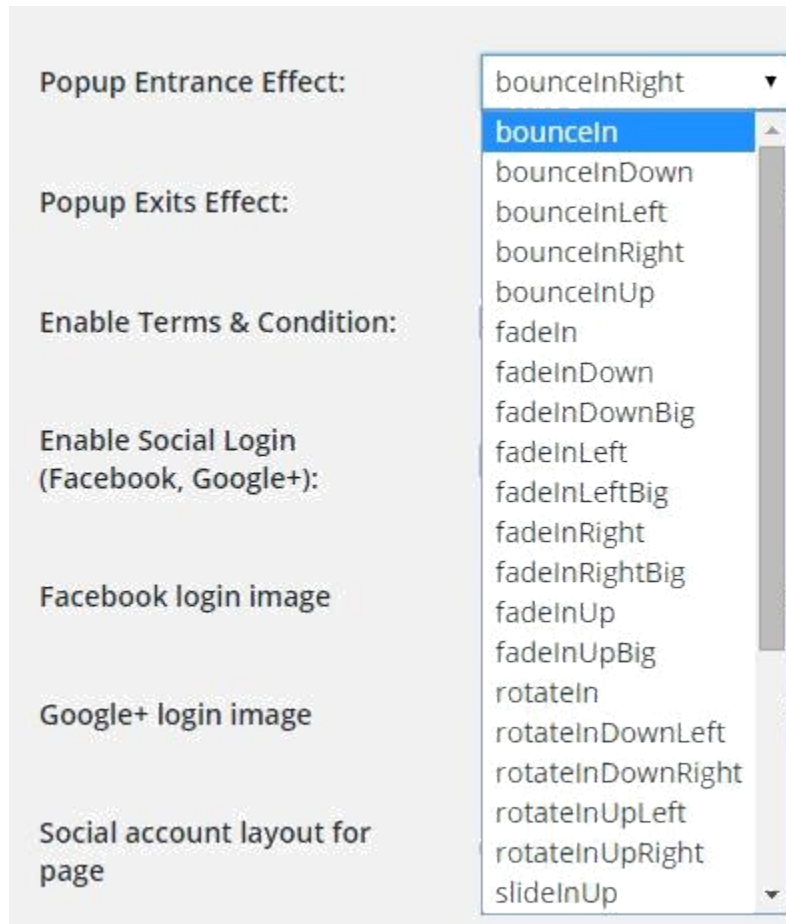

My Account Page: My Account ▾

Custom logout page url: ✔

logout page url: http://hemani.codiixx.com/shop/

Hello **meghasharma** (My Account Sign out).

Select Popup 'Entrance' Effects

You could select a Popup Entrance Effect from the given list of Effects. The list includes bounceIn, fadein, slideInUp, rotateIn and many more similar options.

Select Popup 'Exit' Effects

You could select Popup Exit Effect from the list of Effects provided to you. Some of the Effects that are available for you to choose include- bounceOut, fadeOut, rotateOut & slideOutUp.

Enable/Disable Terms & Conditions

You could Enable or Disable T&C on Registration Page. You could also change the label color.

Enable Terms & Condition: ☑

Integrate Social Login into Popup and Set Social Account Layout

With this feature, you could enable social login through Popup/Pages and allows you to set the position of Social icons. As per your preference, you could either keep it as 'Up' or as 'Down'. You could upload Facebook and Google+ icon images as well.
Option to Hide or Show the facebook or google + button.

Add Custom Registration Fields

You can create your own custom registration fields like Name,user name, date of birth,address, contact number by using field types like text box,text area,drop own,date,check box,radio button. You can make the fields mandatory, can show label filled in the Field placeholder.

Create a page Header that gives you access to both these pages or popups

This plugin allows you to:

    1. Create a Sign Up and Login Page

    2. Create a Sign Up and Login Popup

    3. Create a Page Header that gives you access to both these pages or popups

With this plugins you get short codes for:

    1. **Short code for login form** - [lsphe-login-form]

    2. **Short code for signup form** - [lsphe-signup-form]

    3. **Shortcode for both login and register form** - [lsphe-header]

For headers and templates use this code - <?php echo do_shortcode('[lsphe-header]'); ?>

    Separate shotcode for login signup links:

1. For login   [lsphe-header-login]

2. For signup   [lsphe-header-signup]
