

Documentation of Woocommerce tab manager premium

Installation of Woocommerce tab manager premium

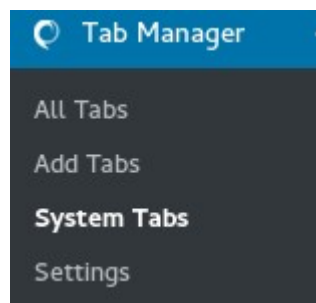

Installation

1. Install Word Press from http://codex.wordpress.org/Installing_WordPress.
2. Upload via FTP: - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content > plugins).
3. Upload via [Word press Admin](#): - Go to your WordPress admin panel, and then to Plugins. Click on "Add New" and then upload the zip file of the plugin using "Upload Plugin" button you can find on top of the screen.
4. For the plugin to work as it should, [Woo Commerce](#) plugin has to be installed and enabled.

Activation

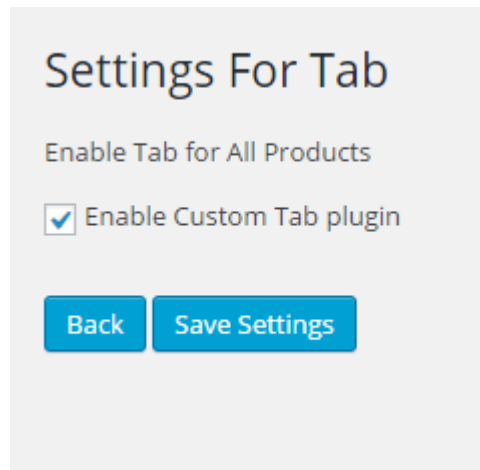

Once you have uploaded the plugin, activate your plugin in **Plugins > Installed plugins**.

If it has been activated correctly, plugin control panel is available in the tab **Tab manager** in Word Press dashboard.

Settings

Activate this Plugin by enabling the checkbox: -

Create New Custom Tab for Global and Category wise Products.

The **Add Tab** contains all the options about the general arrangement of the tabs. They are as follows -

- **Tab Type:** This Option determines in which product it will be showed
- **Global Tab:** This tab will be showed in every product.

Add Shortcode

This plugin allows you to add shortcode in the custom tabs. For instance, you could add Contact- Form 7 Shortcode to any of the custom tabs that you have on your site.

The screenshot shows a settings panel for a custom tab. It includes the following fields and options:

- Tab Type (required):** A dropdown menu set to "Global Tab".
- Custom Tab Label (required):** A text input field containing "Global".
- Custom Tab Content (required):** A rich text editor with a toolbar (bold, italic, ABC, list, quote, link, unlink, table, etc.) and a text area containing the shortcode: `[contact-form-7 id="218" title="Contact form 1"]`.
- Priority of Tab (required):** A text input field containing "32".

Below the priority field, there is a note: "The plugin tabs are displayed after the WooCommerce Tabs".

Modify Default Tabs

You could modify the default tabs provided to you by wordpress. Sort, Re-order or Rename the default tabs as per your requirement. You could enable/disable these tabs as well.
