

Documentation of Product Size Chart – Premium

Installation of Product Size Chart -Premium

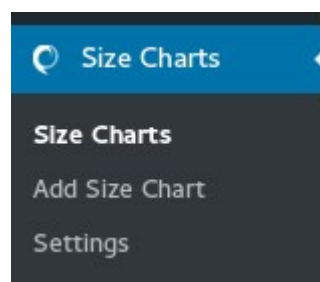

Installation

1. Install Word Press from http://codex.wordpress.org/Installing_WordPress.
2. Upload via FTP: - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (**wp-content > plugins**).
3. Upload via [Word press Admin](#): - Go to your WordPress admin panel, and then to **Plugins**. Click on "Add New" and then upload the zip file of the plugin using "Upload Plugin" button you can find on top of the screen.
4. For the plugin to work as it should, [Woo Commerce](#) plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in **Plugins > Installed plugins**.

If it has been activated correctly, plugin control panel is available in the tab **Size Charts** in Word Press dashboard.

Description

Different brands have varying size labels because of which often times online shoppers end up ordering the wrong-size item. The product returning process unnecessarily causes inconvenience to the customers. As an online shop owner, you would not want to annoy your customers with this petty issue which indeed could be easily fixed by installing Product Size Charts Plugin.

The plugin allows you to place custom sizes on each of your product pages so that your customers could easily pick up the right size of the item they want to buy.

Creation of Size Chart

Create Your Size Chart ← can create as many size chart as you want

Size	Kurta	Shirt	Jeans	
Small	30	32	28	+ -
Medium	32	34	30	+ -
Large	34	36	32	+ -

Chart Options

Display as: Select the product where showing this size chart.

Show In Widget: Check it if you want to display the Product Size Chart in a Widget.

Title of description tab: Enter here the text you want display as title of the description tab of the selected Product Size Chart.

Move to Trash Update

- Option to set different size chart on different products
- Option to set more than one size chart on a single product.

The screenshot displays a product editor interface. At the top is a rich text editor with a toolbar containing icons for bold, italic, text color, background color, bulleted list, numbered list, quote, link, unlink, table, and table of contents. The editor contains the text "All in one". Below the editor is a "Reviews" section with an "Add comment" button and the text "No comments yet.". The "Product Size Charts" section is highlighted with a red box and contains a list of size charts: "× Test 2" and "× Test 3". Below the list is a text input field with the placeholder "Select size charts you want show in this product". To the right of the editor are two side panels: "Product Image" with a product image and a "Remove product image" link, and "Product Gallery" with an "Add product gallery image" link.
