Documentation of Check Pincode / Zipcode for Shipping and COD-Pro

Installation of Check Pincode / Zipcode for Shipping and COD-Pro

Installation

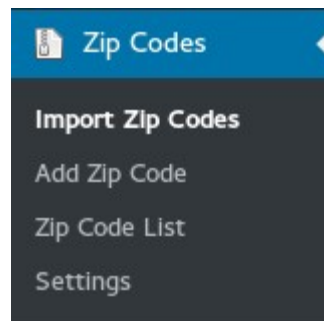

- 1) **Install Word Press** from http://codex.wordpress.org/Installing_WordPress.
- 2) **Upload via FTP:** - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (**wp-content → plugins**).
- 3) **Upload via Word press Admin:** - Go to your WordPress admin panel, and the to **Plugins**. Click on "Add New" and then upload the zip file of the plugin using "Upload Plugin" button you can find on top of the screen.
- 4) For the plugin to work as it should, WooCommerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in Plugins > Installed plugins.

If it has been activated correctly, plugin control panel is available in the tab

Zip Codes in Word Press dashboard.

Description

Advance checking of pin codes is a great feature. Online shoppers usually like knowing the timeline of their orders before they place an order. With this plugin you can tell them about the delivery dates of your products before they move towards the buying stage. This will reduce your cart abandonment rates and increase your customer satisfaction rates.

General Settings

Manual Settings -

- **Enable Pincode Check** : You have option to enable and disable the check pincode just by click on this option.

Enable Pincode Check

- **ADD/IMPORT PIN CODES**

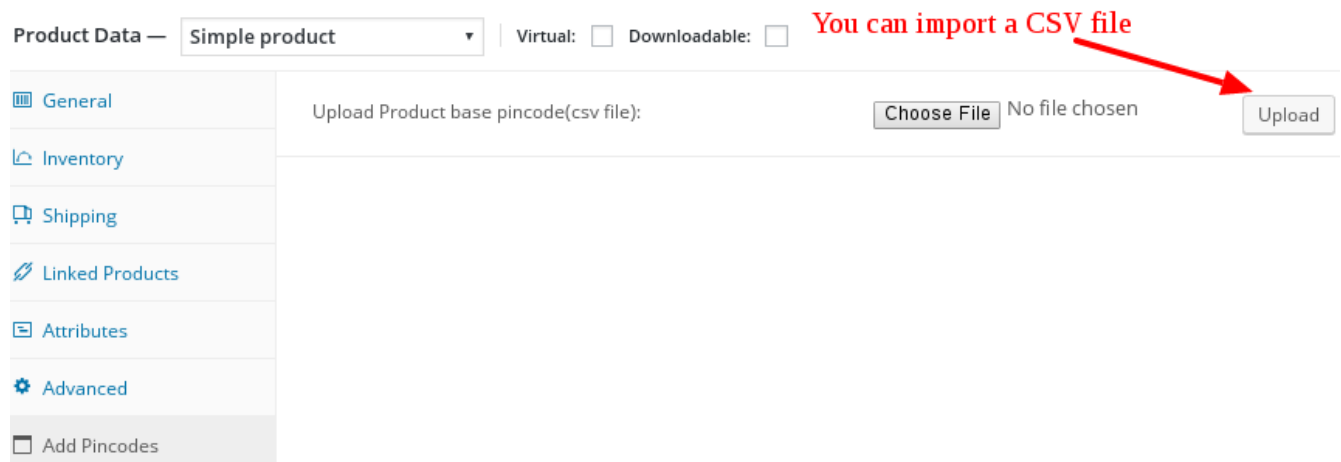

IMPORT PIN CODES

In Premium version, you can Import bulk Pincodes instead of inserting it one by one.

Option to add/import CSV to the product:

You have Option to add/import CSV to the product in the backend of any particular product.

CSV FORMAT

CSV should be in the format as I have mentioned below with the unique pincodes.

Enter unique pincode in the first column, then city in the second column, state in the third column, mention delivery within days in the next column, Cash on delivery in the fifth column.

* Pincodes you have entered in the CSV should be unique.

Pincode	City	State	Deliver within days	Cash on delivery
110001	NEW DELHI	DELHI	2	Enable
110002	NEW DELHI	DELHI	4	Enable

You can convert an Excel Worksheet to a text file by using the Save As command. Click the Microsoft Office Button, and then click Save As. In the Save as type box, choose the text file format for the worksheet. For example, click CSV.

- **ADD PINCODES**

You can add pincodes manually

Add Zip Code

Pincode

City

State

Delivery within days

Enable Cash on delivery For This Pincode No Yes

- **PINCODE LIST**

The screenshot below shows a list of Pincodes:

Bulk Actions ▾		Apply	9,980 items « < 1 of 666 > »			
<input type="checkbox"/>	Pincode	City	State	Delivery within days	Cash on delivery	
<input type="checkbox"/>	110001	NEW DELHI	DELHI	4	Enable	
<input type="checkbox"/>	110002	NEW DELHI	DELHI	4	Enable	
<input type="checkbox"/>	110003	NEW DELHI	DELHI	4	Enable	
<input type="checkbox"/>	110004	NEW DELHI	DELHI	4	Enable	
<input type="checkbox"/>	110005	NEW DELHI	DELHI	4	Enable	
<input type="checkbox"/>	110006	NEW DELHI	DELHI	4	Enable	

Admin can use wildcard character (*) to support multiple values in a range. Eg 110*
