Documentation of Badge Management

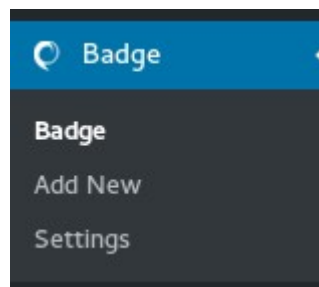

Installation of Badge Management

Installation

1. Install Word Press from http://codex.wordpress.org/Installing_WordPress.
2. **Upload via FTP:** - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content → plugins).
3. **Upload via Word press Admin:** - Go to your WordPress admin panel, and then to Plugins. Click on "Add New" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
4. For the plugin to work as it should, Woo Commerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in Plugins > Installed plugins. If it has been activated correctly, plugin control panel is available in the tab **Badge** on Word Press dashboard.

Description

This plugin allows you to add badges to products on your ecommerce site. Badges on a product help you highlight special offers of the products.

General Settings

The screenshot shows a 'General Setting' panel with two toggle options. The first option, 'Enable Badge Management Plugin', is checked with a blue checkmark. The second option, 'Hide Default "On Sale" Badge', is unchecked with an empty checkbox. A blue 'Save Changes' button is located at the bottom of the panel.

General Setting	
Enable Badge Management Plugin	<input checked="" type="checkbox"/>
Hide Default "On Sale" Badge	<input type="checkbox"/>

Save Changes

Option to create either Text Badge.
