Documentation of Multistep Checkout

Installation of Multistep Checkout

Installation

- 1) Install Word Press from http://codex.wordpress.org/Installing_WordPress.
- 2) Upload via FTP: - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content → plugins).
- 3) Upload via Word press Admin: - Go to your WordPress admin panel, and then to Plugins. Click on "Add New" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
- 4) For the plugin to work as it should, Woo Commerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in Plugins → Installed plugins.

If it has been activated correctly, plugin control panel is available in the tab **Multistep Checkout** in WordPress dashboard.

The screenshot displays the WordPress dashboard interface. On the left is a dark sidebar menu with various options: Dashboard, Posts, Media, Pages, Comments (1), WooCommerce, Products, Appearance, Plugins (2), Users, Tools, and Settings. The 'Multi Step Checkout' plugin is highlighted in a red box at the bottom of the sidebar. The main content area shows the 'General Settings' for the plugin. At the top, there is a notification for a 'WooCommerce data update' with a 'Run the updater' button. Below this are two tabs: 'Setting' (selected) and 'Premium'. A large blue banner with a hand cursor icon says 'UPGRADE to the PREMIUM VERSION'. Underneath, the 'Enable Checkout Plugin' checkbox is checked. At the bottom, there is a 'Save changes' button.
